

9. International conference

ASPHALT PAVEMENTS 2025

08. & 09. 05. 2025., Opatija (Croatia), Centar Gervais

PROGRAMME

08.05.2025.

- 09.20-09.45 Miroslav Keller: Introduction to conference
- 09.45-09.55 Short speech of sponsors
- 09.55-10.25 Steve Philips: How innovations can help road authorities to face with the challenges
- 10.25-10.50 Juan Jose Potti: Road condition, much more than confort and safety - fuel consumption and emission
- 10.50-11.15 Bernd Nolle: Application of low-temperature asphalt in Germany
- 11.15-11.40 Luka Krnić: Experiences in use of low-temperature asphalt in Croatia
- 11.40-12.10 Coffee break**
- 12.10-13.10 Panel discussion – subject: public procurement. Participants: directors of construction companies Strabag, Colas, GP Krk, Ceste Karlovac, Osijek koteks and road administrations representatives, moderator Miroslav Keller
- 13.10-13.35 Igor Ruttmar: Design of asphalt pavements on different road categories
- 13.35-15.10 Lunch for all participants (hotel Kvarner)**
- 15.10-15.35 Max Weixellbaum: New developments in the Construction Products Regulation
- 15.35-16.00 Matthias Martus: Continuous void content measurement during compaction. A new model of sample preparation.
- 16.00-16.25 Ersun Görener: Digitalization in the road industry. Will our business become easier?
- 16.25-16.50 Breixo Gomez Meijide: EAPA Decarbonisation Roadmap
- 16.50-17.15 Gabriele Tebaldi: Hot asphalt recycling – how, where and why
- 17.15-18.00 Technical introduction of companies and their products and services: RO tehnologija, Rettenmaier, Frekomos, Valli Zabban, Interchem
- 18.00-19.00 Get-together in the exhibition area with a glass of sparkling wine**
- 20.30 - **Dinner for all participants (hotel Kvarner)**

09.05.2025.

- 09.00-09.25 Carsten Karcher: Overview of EAPA's current activities in Brussels
- 09.25-09.50 Olivier Fleischel: Reactive modifier for bitumen: a new way to upgrade your asphalt mixes
- 09.50-10.15 Kim Jankinson: Rehabilitation of road pavements in South Africa
- 10.15-10.40 Tomislav Landeka: Technical solutions used for county road ŽC3041 reconstruction
- 10.40-11.05 Thomas Leopoldseder: Digital technologies for more sustainability in the asphalt industry
- 11.05-11.40 Coffee break
- 11.40-12.05 Damir Pocrnja: Construction of cold recycled pavement layer using only recycled aggregate
- 12.05-12.30 Davide Lo Presti: SMARTPMS - digital quality maps as aid for maintenance of road networks
- 12.30-12.55 Andreas Elsing: Asphalt reinforcement - characteristics required for use in pavements and asphalt overlays
- 12.55-13.20 Xavier Carbonneau: Evaluation of the durability of emulsion based AC mixtures for wearing courses
- 13.20-13.45 Tatjana Rukavina: Overload heavy traffic on roads in Croatia and consequences
- 13.45-16.00 Lunch for all participants (hotel Kvarner)
